Education

Netaji Subhash Engineering College   **August 2016 – July 2020**
Bachelor of Technology
Major in Computer Science with CGPA 7.35 on a scale of 10.

Languages and Technologies

o Programming Languages - C, C++, Java(Basics), Python(Basics)
o Operating System - Windows, Linux, Android
o Database - MySQL, MongoDB
o Frameworks and tools - IntelliJ IDEA, Visual Studio Code

Projects

Audio Copyright   **Under Process**
o An API to compare Audio files and determine Copyright Infringement from a database. Heavily written in Python and uses NoSQL database.

Boston House Price Prediction   **Jan 2019**
o A Machine Learning Regression model for prediction of Boston Housing Prices built using SVM and later Decision Tree with an accuracy of 80%.

Achievements

GeeksForGeeks   **Feb 2020 – Present**
o Technical Scripter - Wrote article on speeding up execution time of C/C++ programs using pragmas and optimizations at architecture level.

Interview Bit   **May 2019**
o Among top 400 students from India in a National On-Boarding Contest.

CodeChef SnackDown   **Oct 2018**
o Duo team qualified for Round 1B.

Interests

o Data Structures and Algorithms
o Object Oriented Programming
o Nuclear Physics
